

## MY WORLD

If you've read *My World in The (Fairly) Magic Show* collection, you'll know that Lucy had an imaginary world all of her own.

If you could have your own imaginary world, what would it be like?

### What sort of world?

What sort of world have you imagined? Is it a place by the sea, like Sandyways in the story, or maybe somewhere in the heart of the countryside, where no one from the outside world ever goes? Or is it a city? Or is it something totally different from anything we know in our world? Maybe even an alien planet?

What does your world look like?

.....

.....

.....

.....

.....

.....

.....

.....

.....

### What's it called?

Think of a name for your imaginary world. Will you name it after yourself? Or give it a name that shows what it's like? Or will it be a name like no one's ever heard before? You decide.

.....

**Where shall we go?**

What sort of places are there in your world? Are there nice places to visit, as in Lucy's world? Or something more spooky, like a haunted cottage or a dark cave? Or what kind of buildings are there in your city?

Describe three places a visitor to your world would discover.

1. ....

2. ....  
.....  
.....
3. ....  
.....  
.....

**Who's there?**

Who lives in your world? What do they do in the world?

Describe three people who live in your world.

2. ....  
.....  
.....
3. ....  
.....  
.....

**What's happening?**

What is happening in your world? Is everyone happy, or are there problems? Maybe your world is facing a disaster? If so, what are you going to do about it?

.....

.....

.....

**Putting your world on the map**

Here's a space to draw a map of your world. Remember to show all the places you mentioned before!
