

## SNOWED IN

Have you read *Snowed In*, in *The (Fairly) Magic Show and Other Stories*?

Imagine you've been snowed in, like Liam and Justin. Snow is falling heavily, the roads are iced up and you can't even step outside your own front door. And the power to your home has gone off – and unlike with Liam and Justin, there's no way to fix things.

You're stuck. You and your family and friends either have to wait for the snow to clear or for help to arrive.

What are you going to do...?

### The food question

You might be stuck inside for some time – and you can't get to the shops.

What food do you have? Can you prepare a proper meal? Or will you have to have snacks or picnic meals, like Liam and Justin? Remember – there's no power!

.....

.....

.....

.....

### Let me out!

How does being stuck indoors make you feel? Are you excited, scared, happy or sad?

.....

.....

.....

**What shall we do?**

You could be indoors for a while. What are you and your family and friends going to do to pass the time? Remember, the snow's too heavy to battle your way outside for a snowball fight!

You could play a game – though it's dark! You could find something interesting to talk about. You could have a sing-song. Or you could have a talent show, like Liam and Justin. Or something else entirely.

What will you do, play or sing? If you have the talent show, what will everybody do?

.....

.....

.....

.....

.....

.....

.....

**Help!**

How long will it be before help arrives? And what will happen? Maybe the snow will stop, and the road will clear? Or maybe someone will have to dig their way through to you with a snowplough? Will the power come back on again?

Or will you come up with an escape plan of your own?

What will you do?
